RFMW Ltd., Announces Delta Electronics Distribution Agreement

5/13/2014 – San Jose, California: [RFMW Ltd.](#) and [Delta Electronics Manufacturing Corporation](#) today announced a worldwide distribution agreement effective April 7, 2014. Delta Electronics, founded in 1955, offers a full range of RF/Microwave and Millimeter wave interconnects. RFMW Ltd. is a specialized distributor providing customers and suppliers with focused distribution of RF and microwave components as well as specialized component-engineering support.

The agreement authorizes RFMW to stock, promote and sell Delta's complement of RF connectors and cable assemblies. Their 7/16, BNC and N types, along with their high frequency components have expanded to include PIM sensitive offerings. This extensive product line includes in-series and between series adapters, including precision adapters.

"We've heard many good reports about the RFMW sales team from our representative network. We are pleased to have them as a worldwide distribution channel for our connector and interconnect product solutions" said Terry Hannan, Director of Sales and Marketing. "RFMW's extensive experience with RF products, applications and customers will help Delta grow into new markets and better penetrate existing markets."

According to Joel Levine, President and CEO of RFMW, "Delta's price/performance proposition exemplifies the type of supplier our customers are looking for. Their value added capabilities will allow us to expand into new growth areas of the RF marketplace."

About Delta Electronics Manufacturing
