RFMW is aware of the conflict minerals reporting obligations legislated by Section 1502 of the U.S. Dodd-Frank Act. We are a franchised distributor of RF and Microwave products, i.e. COTS. As such, we do not manufacture, nor influence the manufacturing of products delivered by the OEM/OCM's listed on our linecard. However, our desire is to be responsive to our customer's requirements. We continue to perform our due diligence with our suppliers to assist in conflict mineral investigation.
